NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of honey resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not apply to and no indemnity shall be paid in respect of a loss in the production of the insured crop resulting from,

- (a) the negligence, misconduct or poor production practices of the insured person or of an agent or employee of the insured person;
- (b) a shortage of labour or equipment;
- (c) pest infestation or disease in the bees unless recommended control programs were followed; and
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2. The insured person shall offer for insurance all insurable hives in Ontario in which he or she has a

substantial interest and this contract of insurance applies to all such hives.

INCORRECT NUMBER OF HIVES IN FINAL HIVE REPORT

3.—(1) If the actual number of insurable hives in a crop year is fewer than the number declared in the final hive report,

- (a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and
- (b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual number of insurable hives in a crop year is fewer than the number declared in the final hive report, the Commission shall not refund any part of the premium.

(3) If the number of insurable hives in a crop year exceeds the number declared in the final hive report, the actual production shall be used in calculating whether there has been a loss and,

- (a) where the calculation indicates a loss, such actual production shall be used; or
- (b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the number of hives declared in the final hive report,

in calculating the average farm yield in order to determine coverage for the following crop year.

HARVESTING OF HIVES

4.—(1) All hives insured in the crop year shall be harvested unless the Commission, upon written application, consents in writing to the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any hives is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested hives and no indemnity shall be payable for it.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

5. A claim by the insured person under this contract is invalid and the right of the insured person to recover indemnity is forfeited if that person,

- (a) in the application for insurance,

ASSIGNMENT OF RIGHTS TO INDEMNITY

7.—(1) The insured person may assign all or part of the right to indemnity under this contract in respect of the insured crop.

(2) An assignment is not binding on the Commission and the Commission shall not pay an indemnity to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission gives written consent to the assignment.

INTEREST OF OTHER PERSONS

8. Despite the interest of any person other than the insured in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the coverage; and
- (b) except as provided in paragraph 7, no indemnity shall be paid to any person other than the insured person.

EVALUATION OF LOSS

9.—(1) The amount of loss that is taken into account in the final adjustment of loss in respect of the total number of insured hives shall be calculated by multiplying the established price by the difference between the coverage and the actual production.

(2) For the purpose of subparagraph (1), actual production includes,

- (a) production delivered to and accepted by an establishment;

- (b) production delivered to and rejected by an establishment unless the rejection resulted from a designated peril;

NOTICE OF LOSS OR DAMAGE

10.—(1) When loss or damage to the insured crop occurs and the insured person intends to abandon or destroy the insured crop, the insured person shall notify the Commission in writing of the intention and shall take no further action without the written consent of the Commission.

(2) When loss or damage to the insured crop occurs and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of that time.

(3) When loss or damage to the insured crop occurs and it appears or ought reasonably to appear, to the insured person at any time before the completion of harvesting of the insured crop that the production of the insured crop may be reduced by the loss or damage, the insured person shall notify the Commission in writing as soon as the loss or damage is apparent.

(4) Despite any notice given by the insured person under this paragraph, when, on completion of harvesting of the insured crop, the actual production is less than the coverage, the insured person shall notify the Commission in writing forthwith.

ABANDONMENT OR DESTRUCTION

11.—(1) The insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the hives using an appraisal method that is reasonable in the circumstances.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised hives.

ADJUSTMENT OF LOSS

12.—(1) When the insured person experiences a loss or damage to the insured crop, the Commission may cause the production of the insured crop to be appraised by any method that is reasonable in the circumstances.

(2) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) what actual production was obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the designated perils.

(3) Where a loss in production resulted partly from a designated peril and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against and shall reduce the indemnity payable under this contract accordingly.

(4) Subject to subparagraph (5), the indemnity payable with respect to the total number of insured hives, in the final adjustment of loss, shall be the sum of all loss calculations applicable to such hives.

(5) When the actual production of any harvested hives exceeds the coverage applicable to those hives, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying the excess by the established price.

PROOF OF LOSS

13.—(1) An insured person, except as set out in subparagraph (2), shall claim an indemnity in respect of the insured crop on a Proof of Loss Form provided by the Commission and shall file the form with the Commission not later than sixty days after the earlier of,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year.

(2) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by an authorized representative; or
- (b) in the case of the absence or inability of the insured person or on his or her failure or refusal to do so, by an assignee under an assignment made under paragraph 7.

(3) When it is reasonable in the circumstances, the information given in a Proof of Loss Form shall be verified by statutory declaration.

ARBITRATION

14. When the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with Regulation 197 of Revised Regulations of Ontario, 1980.

TIME FOR PAYMENT OF INDEMNITY

15.—(1) No indemnity under this contract is due and payable until,

- (a) the end of the crop year; and
- (b) the payment in full of the premium.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a Proof of Loss Form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the Proof of Loss Form or award, as the case may be.

SUBROGATION

16. When the Commission has paid a claim for indemnity under this contract, the Commission is subrogated to the extent of the payment to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

17. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time for any purpose related to the contract of insurance.

NOTICE

18.—(1) Any written notice to the Commission shall be given by delivering it or mailing it to the Commission.

(2) Written notice to the insured person shall be given by delivering it or mailing it to the insured person at his or her last post office address on file with the Commission.

(2) The insured person is deemed to have agreed with the correction of the final acreage report and adjustment of premium made under subsection (1) unless, within ten days after the mailing or delivery of the notice by the Commission, that person notifies the Commission in writing that the correction is not acceptable.

(3) Upon notice that a correction is not acceptable, the contract of insurance ceases to apply for the crop year in respect of which the final acreage report was filed and the Commission shall refund any premium or premium deposit paid in respect of that crop year.

(4) If no notice is given under subsection (2), a final acreage report corrected under this section constitutes the final acreage report for the crop year.

17.—(1) If an insured person in any crop year fails to file a final acreage report as required by this Regulation, the Commission may,

- (a) prepare the final acreage report; or
- (b) declare the insured acreage to be nil.

(2) When the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) An insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days after the mailing or delivery to that person of a copy of the report.

FINAL DATES FOR PLANTING AND HARVESTING

18. For the purposes of this plan, the final dates for planting and harvesting peanuts in a crop year are the 15th day of June and the 15th day of November respectively or such other dates as are reasonably warranted in the circumstances. O. Reg. 606/88, Sched.

Form 1

Crop Insurance Act (Ontario)

PEANUTS ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under the Ontario Crop Insurance Plan for Peanuts, hereinafter referred to as the "plan", and has paid the premium deposit prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover peanuts.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to peanuts in a crop year shall be harvested unless the Commission, upon written application, consents in writing to,

- (a) the use of the planted acreage or any part of it for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any planted acreage is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested acreage and no indemnity shall be payable for it.

EVALUATION OF LOSS

2.—(1) If loss or damage occurs prior to harvest, the Commission, upon written application by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and in such case shall determine the number of damaged acres and the potential production of those acres.

(2) If damaged acreage is used for any other purpose or the insured crop on it is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that is taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price by the difference between the coverage for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1).

(3) If damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) If the actual production of the harvested acreage is less than the coverage for that acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price by the difference between the coverage and the actual production.

(5) Where the crop contains damaged or foreign material, the actual production thereof shall be reduced by an amount reasonable in the circumstances.

QUALITY COVERAGE

3. Where the insured crop is reduced to below 55 per cent of sound mature kernels due to an insured peril, the actual production shall be deemed to be the yield harvested less 2 per cent thereof for every 1 per cent reduction in sound mature kernels below 55 per cent to a maximum reduction of 50 per cent of the yield harvested.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

4.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss is that payable under paragraph 2.

(2) The indemnity payable under paragraph 2 shall be reduced by the result obtained by multiplying the established price by the amount by which,

- (a) the actual production of any harvested acreage exceeds the coverage of that acreage; or
- (b) the potential production of any harvested acreage exceeds the coverage of that acreage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

5.—(1) If the actual planted acreage of peanuts in a crop year is less than the planted acreage declared on the final acreage report,

- (a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and
- (b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual planted acreage of peanuts in a crop year is less than the planted acreage declared in the final acreage report, the Commission shall not refund any part of the premium.

(3) If the actual planted acreage of peanuts in a crop year exceeds the planted acreage declared on the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

- (a) where the calculation indicates a loss, such actual production shall be used; or
- (b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the acreage declared in the final acreage report,

in calculating the average farm yield in order to determine coverage for the following crop year.

IN WITNESS WHEREOF, The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

4. The following are designated as perils for the purposes of this plan:

1. Drought.
2. Excessive moisture.

DESIGNATION OF CROP YEAR

5. The crop year for red spring wheat is the period from the 1st day of March in any year to the last day of February of the next year.

CONTRACT OF INSURANCE

6.—(1) For the purposes of this plan, the entire contract of insurance for red spring wheat is comprised of,

- (a) the contract of insurance in the form prescribed by Regulation 231 of Revised Regulations of Ontario, 1980;
- (b) the application for insurance;
- (c) the endorsement for red spring wheat in Form 1; and
- (d) the final acreage report for each crop year.

(2) In the event of a conflict between provisions of the document referred to in clause (1) (a) and the document referred to in clause (1) (c), the provisions of the document referred to in clause (1) (c) prevail.

7.—(1) An application for insurance or for renewal of insurance shall,

- (a) be in a form provided by the Commission;
- (b) be accompanied by a minimum premium deposit of \$1 per acre; and
- (c) be filed with the Commission not later than the 1st day of May in the crop year in respect of which it is made.

(2) Premium deposits prescribed by clause (1) (b) are not refundable unless no acreage is planted to red spring wheat.

DURATION OF CONTRACT

8.—(1) A contract of insurance is in force for the crop year in respect of which it is made and continues

in force for each crop year thereafter until cancelled by the insured person or the Commission in the manner set out in subsection (2) or otherwise terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by written notice to the other party on or before the 1st day of May in the crop year during which the cancellation is to take effect.

COVERAGE

9. For the purpose of calculating coverage under section 10, the number of pounds determined as the average farm yield shall be converted to bushels on the basis that a bushel of red spring wheat weighs 60 pounds.

10.—(1) The initial coverage provided under a contract of insurance shall be 75 per cent of the average farm yield in bushels of the total acreage planted to red spring wheat by the insured person.

(2) The coverage provided under a contract of insurance following a year in which there was no claim shall be,

- (a) if the previous year's coverage was 70 per cent, 73 per cent;
- (b) if the previous year's coverage was 73 per cent, 75 per cent;
- (c) if the previous year's coverage was 75 per cent, 78 per cent;
- (d) if the previous year's coverage was 78 per cent, 80 per cent; and
- (e) if the previous year's coverage was 80 per cent, 80 per cent,

of the average farm yield in bushels of the total acreage planted to red spring wheat by the insured person.

(3) The coverage provided under a contract of insurance following a year in which there was a claim shall be,

- (a) if the previous year's coverage was 80 per cent, 78 per cent;
- (b) if the previous year's coverage was 78 per cent, 75 per cent;
- (c) if the previous year's coverage was 75 per cent, 73 per cent;
- (d) if the previous year's coverage was 73 per cent, 70 per cent; and
- (e) if the previous year's coverage was 70 per cent, 70 per cent,

of the average farm yield in bushels of the total acreage planted to red spring wheat by the insured person.

(4) Despite subsections (2) and (3), if in any year a claim is paid in an amount that is less than one-half of the total premium for that year, the coverage for the following year shall remain unchanged.

(5) Despite clause (3) (a), the coverage provided under a contract of insurance following a year in which there was a claim shall be 80 per cent where,

(a) the insured person has had coverage and an actual farm yield for at least five years; and

(b) the previous year's coverage was 80 per cent.

11.—(1) For the purposes of this plan, the established price for red spring wheat is,

(a) \$3 per bushel; or

(b) \$4.50 per bushel.

(2) If the insured person fails to select an established price when the person is renewing the contract of insurance, the Commission may select one of the prices set out in subsection (1) as the established price applicable to the contract in that crop year.

12. For the purposes of section 10, the maximum amount for which the Commission is liable under a contract of insurance for a loss in production is the amount obtained by multiplying the coverage determined under that section by the established price per bushel selected under section 11.

PREMIUMS

13.—(1) The total premium for red spring wheat is,

(a) \$10 per acre where the established price is \$3 per bushel; or

(b) \$15 per acre where the established price is \$4.50 per bushel.

(2) The total premium for red spring wheat is 80 per cent of the total premium prescribed in subsection (1) where,

(a) the coverage is 80 per cent and the insured person has had coverage and an actual farm yield for at least five years; and

(b) based on Commission records, total premiums paid by the insured person for red spring wheat exceed the indemnity paid.

(3) The premium prescribed by subsection (1) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

14. Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, to the Commission,

(a) at the time the final acreage report is filed; or

(b) at the time set out in subsection 17 (3).

FINAL ACREAGE REPORT

15.—(1) Every insured person shall file with the Commission in each crop year a final acreage report setting out the total acreage planted to red spring wheat in a form provided by the Commission within ten days of the completion of planting of acreage to red spring wheat.

(2) A final acreage report filed with the Commission shall not be amended without the written consent of the Commission.

16.—(1) When the final acreage report is inaccurate, the Commission may correct it and adjust the premium accordingly and shall notify the insured person in writing forthwith of the correction and the reason for it.

(2) The insured person is deemed to have agreed with the correction of the final acreage report and adjustment of premium made under subsection (1) unless, within ten days after the mailing or delivery of the notice by the Commission, that person notifies the Commission in writing that the correction is not acceptable.

(3) Upon notice that a correction is not acceptable, the contract of insurance ceases to apply for the crop year in respect of which the final acreage report was filed and the Commission shall refund any premium or premium deposit paid in respect of that crop year.

(4) If no notice is given under subsection (2), a final acreage report corrected under this section constitutes the final acreage report for the crop year.

17.—(1) If an insured person in any crop year fails to file a final acreage report as required by this Regulation, the Commission may,

(a) prepare the final acreage report; or

(b) declare the insured acreage to be nil.

(2) When the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) An insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days after the mailing or delivery to that person of a copy of the report.

FINAL DATE FOR PLANTING

18. For the purposes of this plan, the final date for planting red spring wheat in a crop year is the 1st day

of July or such other date as is reasonably warranted in the circumstances.

19. All acreage planted to red spring wheat in which the insured person has a substantial interest shall be insured under one contract. O. Reg. 607/88, Sched.

Form 1

Crop Insurance Act (Ontario)

RED SPRING WHEAT ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under the Ontario Crop Insurance Plan for Red Spring Wheat, hereinafter referred to as the "plan", and has paid the premium deposit prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act* (Ontario) and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover red spring wheat.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to red spring wheat in a crop year shall be harvested unless the Commission, upon written application, consents in writing to,

- (a) the use of the planted acreage or any part of it for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any planted acreage is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested acreage and no indemnity shall be payable for it.

EVALUATION OF LOSS

2.—(1) An indemnity shall be paid for the acreage set out in subparagraph (2) in the amount set out in subparagraph (3) or (4) where,

- (a) all of the acres planted to the crop listed in the Table to this Regulation are offered for insurance;
- (b) the insured person elects this indemnity on the application for insurance;
- (c) the insured person pays a premium deposit of \$1 for each acre intended to be planted to the crops listed in the Table; and
- (d) one or more of the designated perils prevents the planting,

- (i) of three acres or more, in the case of systematically tile drained land, or

- (ii) of six acres or more in the case of land that is not systematically tile drained.

(2) The indemnity shall be paid,

- (a) for each unplanted acre in the case of systematically tile drained land; or
- (b) for each unplanted acre in excess of three unplanted acres, in the case of land that is not systematically tile drained.

(3) When the insured person leases the land as a lessee, the amount of the indemnity shall be the lesser of,

- (a) the cost of the rent under the lease for the leased land that remains unplanted; and
- (b) one-third of the guaranteed production per acre of the crop with the highest priority, in the Table, of the crops intended to be planted and insured by the insured person multiplied by the established price for that crop.

(4) When the insured person owns the land, the amount of the indemnity shall be calculated as set out in sub-subparagraph (3) (b).

(5) No indemnity shall be payable under this paragraph for land for which the same indemnity was paid by the Commission in the immediately preceding year.

(6) When the insured person plants a crop in respect of which crop production insurance was applied for, the premium deposit payable under sub-subparagraph (1) (c) for the acreage so planted shall be applied against the regular premium.

(7) When the insured person plants a crop which is not listed in the Table, the premium deposit in respect of that acreage shall be refunded.

(8) If the insured person is unable to plant acreage designated on the application as intended to be planted to a crop listed in the Table, the premium deposit in respect of that acreage shall be retained by the Commission as payment for the coverage provided.

(9) This paragraph does not apply to and no indemnity is payable in respect of land,

- (a) that is orchard land, pasture, woodland, planted to a perennial crop, fall sown or intended for summer fallow;
- (b) that is untilled and was not cropped in the previous year; or
- (c) that, in the opinion of the Commission, is not insurable.

(10) If the planting is prevented by excessive rainfall, no indemnity is payable unless the insured person

establishes that, during the planting season in the area where the insured acreage is situated,

- (a) an abnormal amount of rain occurred;
- (b) the rainfall resulted in a reduced number of work days; and
- (c) a significant number of other insured persons were similarly affected.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from a designated peril occurs before the 1st day of July in the crop year, the Commission, upon written application by the insured person, may consent in writing to the replanting of the damaged acreage.

(2) Where the damaged acreage is replanted to the insured crop, the Commission shall pay an indemnity of \$30 for each acre replanted and the contract of insurance continues to apply to such acreage.

(3) The total number of acres in respect of which a replanting benefit is paid in a crop year shall not in any case exceed the total number of insured acres.

4.—(1) If loss or damage occurs prior to harvest, the Commission, upon written application by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and in such case shall determine the number of damaged acres and the potential production of those acres.

(2) If damaged acreage is used for any other purpose or the insured crop on it is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that is taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price per bushel by the difference between the coverage for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1).

(3) If damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) If the actual production of the harvested acreage is less than the coverage for that acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price per bushel by the difference between the coverage and the actual production.

(5) Where the crop contains damaged or foreign material, the actual production thereof shall be

reduced by an amount reasonable in the circumstances.

5. Where the insured crop is reduced below Grade 2 due to an insured peril, the actual production is deemed to be,

- (a) for Grade 3, 95 per cent of the yield harvested; and
- (b) for Feed, 90 per cent of the yield harvested.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

6.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss is that payable under paragraphs 2, 3 and 4.

(2) The indemnity payable under paragraph 4 shall be reduced by the result obtained by multiplying the established price per bushel by the amount by which,

- (a) the actual production of any harvested acreage exceeds the coverage of that acreage; or
- (b) the potential production of any unharvested acreage exceeds the coverage of that acreage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

7.—(1) If the actual planted acreage of red spring wheat in a crop year is less than the planted acreage declared on the final acreage report,

- (a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and
- (b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual planted acreage of red spring wheat in a crop year is less than the planted acreage declared in the final acreage report, the Commission shall not refund any part of the premium.

(3) If the actual planted acreage of red spring wheat in a crop year exceeds the planted acreage declared on the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

- (a) where the calculation indicates a loss, such actual production shall be used; or
- (b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the acreage declared in the final acreage report,

in calculating the average farm yield in order to determine coverage for the following crop year.

Exemption—Ministry of Government Services—MGS-91.

Made—September 22nd, 1988.

Approved—September 22nd, 1988.

Filed—October 24th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-91

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activities involved in designing, constructing, operating and maintaining a facility for the Ministry of the Solicitor General for an Ontario Provincial Police Detachment at a site which is legally referred to as Lots 6, 7 & 8 and part of Lot 5, Registered Plan 1476, and Part of Lot 10, Concession 16, (formerly in the Township of Sunnidale), now in the Town of Wasaga Beach, County of Simcoe,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Government Services will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which adverse environmental impacts will be minimal and mitigable; and
- B. The Ministry of the Solicitor General will be interfered with in that the levels of efficiency and service are diminished by the inadequacies of the existing facilities.

Having weighed such injury, damage or interference against the betterment of the people of the whole

or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Government Services has assured me that the proposed undertaking will have no significant adverse effects on the environment;
- B. The proposed use is permitted under the Official Plan and zoning bylaws (residential and Government uses);
- C. The site is in a location where municipal services (sanitary sewers and potable water) can be made available and the proposed development will not overtax the local services;
- D. No unique natural or man-made features will be significantly affected; and
- E. The undertaking merely serves to replace less than adequate leased facilities that are being withdrawn from the market.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. The order shall expire if construction activi-

ties have not commenced by December 31, 1989. O. Reg. 645/88.

Auditor's Report

Municipal Elections Act
(Section 131(2))

Name of Candidate and
Chief Financial Officer, if any,

I/we have examined the statements of assets and liabilities and income and expenses of _____, candidate, for the campaign period ending March 31, 19__ relating to municipal elections held November __, 19__. My/our examination was made in accordance with generally accepted auditing standards and included such tests and other procedures as I/we consider necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in an election campaign, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements for the campaign period. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statements reflect the amounts recorded in the accounting records of the candidate, in accordance with accounting procedures established by the Municipal Elections Act and I/we was/were not able to determine whether any adjustments might be necessary to receipts and disbursements.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary, had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these statements present fairly the information contained in the accounting records on which the statements are based in accordance with accounting treatment prescribed by the Municipal Elections Act.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 684/88.

Exemption—Ministry of Natural Resources—MNR-44/2.

Made—October 26th, 1988.

Approved—October 26th, 1988.

Filed—November 8th, 1988.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL
RESOURCES—MNR-44/2

Having received a request from the Minister of Natural Resources that undertakings, namely:

The activities of:

- (a) designating, by regulation under the *Provincial Parks Act*, areas in Ontario as provincial parks;
- (b) acquiring property therefor; and
- (c) managing on an interim basis recommended and new provincial parks (prior to the approval and implementation of a park management plan) consisting of activities to protect park values; managing of uses and activities; and, developing new facilities

in respect of the recommended and new provincial parks listed in condition 13 below

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources (MNR) will be damaged by the interference with its ongoing programs associated with outdoor recreation.
- B. The recommended park areas will be denied the protection afforded by the *Provincial Parks Act*.
- C. The public will be damaged by the loss of anticipated benefits associated with resource protection and the provision of outdoor recreation opportunities and associated tourism benefits.
- D. The Ministry of Natural Resources is preparing a Class Environmental Assessment for Provincial Park Management, the completion of and pre-submission consultation for which would be hampered by the requirement to seek separate approval for the activities specified within this undertaking.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The objectives of the Provincial Parks Program are consistent with the conservation, protection and wise management of the environment.
- B. The establishment of provincial parks has received strong public support.
- C. The establishment and management of the parks will protect outstanding natural, cultural and recreational features and environments.
- D. The conditions of the exemption order provide for local public notice and inspection of completed interim management statements for new provincial parks.
- E. Approved MNR Class Environmental Assessments will be followed for applicable projects carried out for interim park management.

This exemption order is subject to the following terms and conditions:

- 1. This exemption order does not apply to any plan or project for interim management:
 - (a) where the project is likely to affect the habitat of a species designated under the *Endangered Species Act* (except for protecting the species); or
 - (b) which would constitute a major new addition by MNR to park facilities.
- 2. Where any plan or project for interim management, or another activity, involves a disposition of certain or all rights to Crown Resources, including Crown property, such disposition will be done pursuant to this exemption order. Notice of all such dispositions will be given to the Ministry of the Environment as per Condition 3 below.
- 3. The MNR will provide the Environmental Assessment Branch, as well as the appropriate Regional Office of the Ministry of the Environment, with lists of plans or projects (e.g. initiation of the preparation of a park management plan, capital construction and facility upgrading projects, facility retirement, park resource management activities) proposed under the interim management of the Parks no less than forty-five days prior to the implementation of any project or plan. The lists will specify the nature, size and location of all plans or projects and will also specify which projects will be carried out

pursuant to another exemption or approval. The MNR will notify the above offices of significant revisions to the lists no less than forty-five days prior to the implementation of any such revisions to plans or projects. Copies of project plans will be made available for public inspection at the appropriate District Office of the MNR.

4. The local public will be informed of the completion of interim management statements for the Parks. Copies of the interim management statements will be maintained at the appropriate MNR District Office and will be made available for public inspection upon request. Lists of completed statements will be maintained in all MNR regional offices and its main office. Individual statements will be made available for inspection upon request.
5. Any activity exempt under this Order that would be approved under a MNR Class Environmental Assessment, except that the approval does not apply to provincial parks, shall be carried out in accordance with the appropriate Class EA procedures, including notification, as though the activity were not in a provincial park.
6. The MNR will notify, individually, each landowner whose property would abut or would be surrounded by a Park. Such notification will occur prior to either designation by regulation of the area under the *Provincial Parks Act* or the initial invitation for public consultation in the park management planning process, whichever occurs first.
7. The MNR may combine any of the proposed parks with an existing park or exclude lands currently scheduled for inclusion in a new park. However, before the MNR amends or rescinds boundary regulations for a park (which, for greater clarity, includes the elimination of the entire area of a park) and, following appropriate public consultation and notification, it shall give at least forty-five days notice to the Environmental Assessment Branch and the appropriate Regional Office of the Ministry of the Environment.
8. Within forty-five days of receiving notification from MNR under Condition 3 or Condition 7, and, after consultation with the Minister of Natural Resources, the Minister of the Environment may, by written notice to the Minister of Natural Resources which outlines his reasons, direct:
 1. that an environmental assessment be prepared for the plan or project, in which event the project will not be exempt under this Order; or

2. that he is considering the application of subcondition 8 (1) to a plan or project.
9. Where the Minister of the Environment has given written notice to the Minister of Natural Resources that he is considering the application of Condition 8 to a plan or project, the MNR shall not implement the project until forty-five days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment, whichever occurs first.
10. During the period covered by this Order, the Provincial Parks Program shall be planned, implemented and managed according to the following guidelines and policies:
 - Ontario Provincial Parks Policy
 - Ontario Provincial Parks Planning and Management Policies
 - Provincial Parks Management Planning Guidelines: 1983
 - Provincial Parks Management Planning Reference: 1988

 - Guidelines for Preparing Interim Management Statements
11. The guidelines and policies specified in Condition 10 and any revisions or additions to these guidelines and policies will be made available by MNR for public inspection upon request and will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment.
12. This order replaces exemption orders MNR-43, filed as Ontario Regulation 364/83, and MNR-44, filed as Ontario Regulation 3/85.

Made—November 17th, 1988.
Filed—November 18th, 1988.

REGULATION TO AMEND
ONTARIO REGULATION 359/88
MADE UNDER THE
ENVIRONMENTAL PROTECTION
ACT

1.—(1) Subsection 1 (1) of Ontario Regulation 359/88 is amended by striking out the definitions of “audit sample”, “travelling blank sample” and “traveling spiked blank sample”.

(2) The said subsection 1 (1) is further amended by striking out the definitions of “General Effluent Monitoring Regulation” and “once-through cooling water sampling point” and inserting in lieu thereof:

“General Effluent Monitoring Regulation” means Ontario Regulation 695/88;

“once-through cooling water sampling point” means a location in a once-through cooling water effluent stream situated before the place of discharge to a surface watercourse and after the addition of boiler feedwater treatment effluent, cooling tower blow-down or clean surface runoff;

(3) The said subsection 1 (1) is further amended by adding thereto the following definitions:

"landfarm leachate effluent stream" means landfarm leachate which flows through an open or closed channel;

"landfarm leachate sampling point" means a location in a landfarm leachate effluent stream situated,

- (a) before the place of discharge to a surface watercourse,
- (b) after final treatment, and
- (c) upstream of any significant contaminant masking or significant dilution by any other effluent;

"storm event" means that period of precipitation in any twenty-four hour period,

- (a) during which rainfall exceeds five millimetres as indicated by a rain gauge or an Environment Canada meteorological station located within fifteen kilometres of the refinery, and

- (b) which is separated from any immediately preceding period of rainfall by a minimum of six hours;

(4) Subsection 1 (2) of the said Regulation is revoked and the following substituted therefor:

(2) The definitions in section 1 of the General Effluent Monitoring Regulation that are not redefined in this Regulation apply to this Regulation.

(2a) In construing the General Effluent Monitoring Regulation, "plant" includes the refineries named in subsection 3 (1). O. Reg. 696/88, s. 1 (4).

2. Subsections 3 (3) and (4) of the said Regulation are revoked and the following substituted therefor:

(3) Each direct discharger shall carry out the monitoring obligations, including the sampling, analysis, toxicity testing, flow measurement, recording and reporting obligations of this Regulation, in accordance with the General Effluent Monitoring Regulation.

(4) Subsection 4 (9) of the General Effluent Monitoring Regulation does not apply with respect to a refinery named in subsection (1).

(5) An obligation on a direct discharger to do a thing under this Regulation is discharged if another person has done it on the direct discharger's behalf.

(6) Each direct discharger shall notify the Director in writing of any change of name or ownership of its refinery within thirty days after the day this Regula-

tion comes into force or within thirty days after any such change. O. Reg. 696/88, s. 2.

3. Section 4 of the said Regulation is revoked and the following substituted therefor:

4.—(1) Each direct discharger shall establish the following sampling points:

- 1. An emergency overflow effluent sampling point on each emergency overflow effluent stream.
- 2. A landfarm leachate sampling point on each landfarm leachate effluent stream.
- 3. A once-through cooling water sampling point on each once-through cooling water effluent stream.
- 4. A process effluent sampling point on each process effluent stream.
- 5. A storm water sampling point on each storm water effluent stream.

(2) Each direct discharger shall use the sampling points established under subsection (1) for all sampling required by this Regulation, except that a direct discharger may use alternate sampling points where that is acceptable to the Director. O. Reg. 696/88, s. 3.

4. Subsection 6 (2) of the said Regulation is revoked and the following substituted therefor:

(2) Subsection (1) does not apply in respect of any day in which a sufficient volume of sample cannot be collected because of the collection of inspection samples. O. Reg. 696/88, s. 4.

5. Section 8 of the said Regulation is amended by adding thereto the following subsection:

(4) Despite subsection (1), a direct discharger is only required to fulfil the requirements of that subsection in four consecutive quarters during the period from the 1st day of December, 1988 to the 1st day of December, 1989. O. Reg. 696/88, s. 5.

6. Section 9 of the said Regulation is amended by adding thereto the following subsection:

(3) Each direct discharger shall collect each set of samples required to be collected under subsection (1) not earlier than two weeks after the previous collection. O. Reg. 696/88, s. 6.

7. Subsection 11 (1) of the said Regulation is revoked and the following substituted therefor:

(1) During each emergency overflow, each direct discharger shall collect a set of samples sufficient to perform all of the analyses required by subsection (3) from each emergency overflow effluent sampling point on each affected emergency overflow effluent stream of that discharger. O. Reg. 696/88, s. 7.

8. Subsections 12 (1) and (3) of the said Regulation are revoked and the following substituted therefor:

(1) At least once in each year, each direct discharger shall collect a set of samples sufficient to perform all of the analyses required by subsection (2) from each landfarm leachate sampling point of that discharger during a discharge of landfarm leachate. O. Reg. 696/88, s. 8, *part*.

(3) At least once during each discharge of landfarm leachate, each direct discharger shall collect a set of samples sufficient to perform all of the analyses required by subsection (4) from each landfarm leachate sampling point of that discharger. O. Reg. 696/88, s. 8, *part*.

9. Subsection 13 (2) of the said Regulation is revoked and the following substituted therefor:

(2) Each direct discharger shall prepare each travelling spiked blank sample required to be analyzed by this section with a standard solution containing at least the parameters to be analyzed for. O. Reg. 696/88, s. 9.

10. Section 14 of the said Regulation is revoked and the following substituted therefor:

14.—(1) With respect to analyses required under this Regulation, where there are consistently less than fourteen samples in each analytical run, each direct discharger may process the quality control samples referred to in subsection 4 (10) of the General Effluent Monitoring Regulation once before the analysis of any samples and once after the processing of every fourteen samples in consecutive analytical runs, instead of at the times specified in that subsection.

(2) Each direct discharger shall analyze each set of quality control samples referred to in subsection (1) together in one analytical run. O. Reg. 696/88, s. 10.

11.—(1) Subsections 15 (2) to (5) of the said Regulation are revoked and the following substituted therefor:

(2) If the tests performed under subsection (1) in three consecutive months result in mortality for no more than two out of ten fish at all effluent concentrations, a direct discharger may thereafter collect the samples and perform the tests required by subsection (1) on a 100 per cent undiluted sample only.

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which significant adverse environmental impacts are not anticipated.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed undertaking will have no significant adverse effects on the environment that cannot be eliminated through the proposed mitigation measures.
- B. The Ministry of the Environment is satisfied with the procedures incorporated in the undertaking with respect to the preparation and utilization of a site which is at present contaminated.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of

an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. Soil samples must be taken at a minimum of ten stations spread out across the project site. The surface soil/fill from these sites should be sampled from at least one 5 cm increment depth within a 30 cm depth. At each of the ten stations, a composite sample should be collected from approximately a 2-3 metre radius, consisting of a minimum of ten cores from the depth being sampled. Samples should be analyzed for parameters contained in the MOE draft Clean-Up Guidelines for Soils and other such parameters as may be appropriate to the site.
4. Further, soil from several proposed planting areas and publicly accessible landscape areas, including the outdoor play area for the Child Care Centre, must be analyzed prior to the placement of the 10 cm of topsoil cover to ensure compliance with the Clean-Up Guidelines. Soil from lawn areas and shrub beds should be sampled at 0-5 cm and 10-15 cm depths. At sites where deep rooted trees are to be established, soils should additionally be collected between 30 cm and 2 metres depth.
5. Where contaminants identified from the above sampling processes exceed the criteria contained in the draft Clean-Up Guidelines or other such criteria that may be applied to this site, a remedial work plan must be developed in consultation with the MOE Regional Office and submitted to the MOE Regional Director, for approval and subsequent implementation by the proponent.
6. Those overburden and excavated materials that do not exceed the criteria contained in Condition 5 will be retained on site and utilized to develop landscaping features such as berms. If any excavated material is considered for transfer offsite, it will be subject to the requirements of Regulation 309 and will be disposed of in an approved landfill site.
7. Construction activity at the site will be undertaken in a fashion so as to cause minimal disruption to the surrounding community. The use of muffled equipment, dust settling procedures, appropriate hours of work and the maintenance of a neat and tidy construction site by the contractor shall ensure minimal disruption in the affected area.
8. This order shall expire if construction activities have not commenced by December 31, 1990. O. Reg. 711/88.

Rapport du vérificateur

Loi sur les élections municipales
(Article 131(2))

Nom du candidat et de son
directeur des finances, le cas échéant

Nous avons vérifié les états de l'actif et du passif et des recettes et des dépenses de _____, candidat, pour la période de campagne électorale arrêtée le 31 mars 19____ et relative aux élections municipales tenues le _____ novembre 19__ . Notre vérification a été effectuée conformément aux normes de vérification généralement reconnues et a comporté, par conséquent, les sondages et autres procédés que nous avons jugés nécessaires dans les circonstances, sous réserve des précisions présentées dans le paragraphe suivant.

En raison de la nature des opérations menées durant une campagne électorale, les méthodes de vérification ne peuvent vraiment établir si les livres comptables comprennent bien tous les dons de biens et de services et toutes les entrées et sorties de fonds survenus durant la période de campagne électorale. Notre vérification de ces opérations s'est donc limitée à assurer que les états financiers sont conformes aux sommes inscrites dans les livres comptables du candidat, conformément aux méthodes comptables établies par la Loi sur les élections municipales. Nous n'avons pu établir s'il était nécessaire de redresser les entrées et les sorties de fonds.

À notre avis, sous réserve de l'effet des redressements susmentionnés, le cas échéant, que nous aurions trouvé nécessaire d'apporter si nous avions pu nous assurer de l'exhaustivité des livres, telle que nous la définissons au paragraphe précédent, ces états présentent fidèlement l'information contenue dans les livres comptables sur lesquels ils se fondent, conformément à l'application des méthodes comptables prévues dans la Loi sur les élections municipales.

Exemption—Ministry of the Environment—MOE-36.

Made—November 10th, 1988.

Approved—November 10th, 1988.

Filed—November 29th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

(2) an order under section 41 of the *Environmental Protection Act* with respect to the removal of waste from the property,

- A. The undertaking relates to work required to be done by persons not subject to the Act pursuant to a Stop Order and a section 41 Order which upon default of it being done renders it is necessary for the Crown to arrange for the work to be done.
- B. The discharge of smoke from the site will be eliminated by the undertaking.
- C. The undertaking is expected to prevent an adverse effect on public health, damage to property and loss of enjoyment of normal use of property.
- D. Except to the extent necessary to stop the discharge of smoke permanently, waste will not be removed from the site until any appeal of the section 41 Order has been finally determined or any stay arising out of any appeal has been ordered removed under section 122b of the *Environmental Protection Act*.
- E. Local residents are anxious that the work should be carried out as quickly as possible.

This exemption is subject to the following terms and conditions:

1. This exemption only applies with respect to work done pursuant to the Stop Order of the Director and the section 41 Order of the Director.
2. Waste removed from the site shall be deposited at a properly certified site using a properly certified hauler.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 722/88.

Exemption—Ministry of the
Environment—MOE-37.

Made—November 10th, 1988.

Approved—November 10th, 1988.

Filed—December 5th, 1988.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—MINISTRY OF THE
ENVIRONMENT—MOE-37

Having received a request from the Regional Director, Northwestern Region, Ministry of the Environment that an undertaking, namely:

The clean-up of pooled creosote from the Thunder Bay Harbour floor adjacent to Northern Wood Preservers

be exempted from the application of the Act pursuant to section 29; and

Having been advised by the Regional Director, Northwestern Region, that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the property indicated will occur:

- A. Because of the demonstrated mobility and toxicity of the pools of creosote at this location additional areas and water and the organisms therein will be adversely affected by the creosote if it is not removed.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertak-

ing is exempt from the application of the Act for the following reason:

- A. The pools of creosote represent a serious environmental problem which warrants immediate action while steps are being taken to compel the persons responsible therefore to clean up the balance of the creosote contamination in the vicinity. Delays which would be engendered by the application of the Act will allow the source of this contamination to become more widespread and more costly and difficult to remediate. It is, therefore, in the public interest to conduct this initial clean-up as expeditiously as possible.

This exemption order is subject to the following terms and conditions:

1. Upon completion of the work, a written report will be submitted to the Director of the Environmental Assessment Branch describing the activities involved in this undertaking. This report will be made available for inspection by the public.
2. The Ministry will inform the Canadian Coast Guard, Thunder Bay Harbour Commission and other appropriate agencies which have concerns with respect to the undertaking before the commencement of the undertaking.
3. An environmental monitoring and inspection program will be conducted during the undertaking to assess ambient water quality conditions.
4. This Order does not apply with respect to creosote NOT removed before December 31, 1990. O. Reg. 722/88.

Calculations Under Clause 39a (1) (b) of the Act.

Made—December 15th, 1988.

Filed—December 16th, 1988.

REGULATION MADE UNDER THE
INSURANCE ACTCALCULATIONS UNDER CLAUSE 39a (1) (b) OF
THE ACT

INTERPRETATION

1.—(1) In this Regulation,

“calculation date” means the date as of which calculations are made for the purposes of this Regulation;

“foreign branch insurer” means an insurer registered under the *Foreign Insurance Companies Act* (Canada);

“investment valuation reserve” means the investment valuation reserve calculated in accordance with Schedule 1;

“market value”, in relation to an asset, means the amount determined under section 7.

(2) In this Regulation, a company is considered to be a subsidiary of an insurer if the insurer owns directly or indirectly a majority of the shares carrying the right to elect a majority of the members of the board of directors of the company. O. Reg. 740/88, s. 1.

2.—(1) Financial information used in calculations under this Regulation shall be determined in accordance with generally accepted accounting principles used in Canada except when otherwise required under this Regulation.

(2) In this Regulation,

(a) the amount of a claim or a reserve for a claim includes all costs incurred or likely to be incurred by the insurer in adjusting and settling the claim; and

(b) when an insurer has issued contracts on a premium note system, unpaid assessments levied in respect of all outstanding premium notes held by the insurer shall be deemed to be a reserve for unearned premiums.

(3) For the purposes of subsection (2), the amount of a reserve and the amount of the liabilities of an insurer are net of adjustments for reinsurance, if any, made in accordance with section 11. O. Reg. 740/88, s. 2.

APPLICATION

3. This Regulation does not apply to an insurer that comes within a class set out in paragraph 4, 5, 7, 8 or 9 of subsection 23 (1) of the Act. O. Reg. 740/88, s. 3.

DETERMINATION OF REASONABLE RELATIONSHIP

4. For the purposes of clause 39a (1) (b) of the Act, the amount of the assets of an insurer bears a reasonable relationship to the outstanding liabilities, premiums and loss experience of the insurer if the value of the assets, as determined under section 5 or 6, is greater than or equal to the aggregate amount, as determined under section 8. O. Reg. 740/88, s. 4.

ASSET VALUE

5.—(1) The value of the assets of an insurer, other than a foreign branch insurer, is the amount determined by the formula,

$$A - (B + C + D + E + F)$$

in which,

"A" is the sum of,

- (a) the value of the assets determined in accordance with this Regulation, and
- (b) the amount the insurer sets out in Column 4 of item 8 in Table 1 to Schedule 1,

"B" is an amount equal to the sum of,

- (a) any amounts owing on the calculation date to the insurer by agents or brokers that the insurer invoiced to the agents or brokers at least sixty-five days before the calculation date,
- (b) any unpaid capital or unpaid premium in respect of subscribed shares of capital stock of the insurer,
- (c) the book value of automobiles and of office furnishings and equipment other than computer hardware,
- (d) the book value of any investments that are not authorized by a special or general act to which the insurer is subject,
- (e) any amount recorded by the insurer as a deferred income tax debit or a prepaid expense, and
- (f) any amount recorded by the insurer as goodwill, a capitalized leasehold expense or a capitalized development cost,

"C" is the amount of the investment valuation reserve,

"D" is the deferred policy acquisition expense,

"E" is the amount, if any, determined under subsection (3), and

"F" is the amount, if any, greater than zero that is determined under subsection (6).

(2) The value of an insurer's investment in a subsidiary shall be determined using the equity method and not using the consolidated method.

(3) If an insurer has assets receivable or liabilities payable in a currency other than Canadian dollars, the amount for "E" in subsection (1) is determined by the formula,

$$(A - B) - (C - D)$$

in which,

"A" is the book value in Canadian dollars of all such assets, excluding those assets included in the calculation of "B" under subsection (1),

"B" is the book value in Canadian dollars of all such liabilities,

"C" is the Canadian dollar equivalent calculated in accordance with subsection (4) of all such assets, excluding those assets included in the calculation of "B" under subsection (1), and

"D" is the Canadian dollar equivalent calculated in accordance with subsection (5) of all such liabilities.

(4) The Canadian dollar equivalent of the assets referred to in the description of "C" in subsection (3) is determined for each asset by multiplying the value of the asset expressed in the foreign currency by the rate of exchange in effect on the calculation date.

(5) The Canadian dollar equivalent of the liabilities referred to in the description of "D" in subsection (3) is determined for each liability by multiplying the value of the liability expressed in the foreign currency by the rate of exchange in effect on the calculation date.

(6) Subject to subsection (7), if the assets of the insurer include an investment in common shares of another corporation that transacts the business of insurance, other than the business of life insurance, the amount for "F" in subsection (1) is determined by the formula,

$$A - (B/C \times (D - E))$$

in which,

"A" is the book value of the insurer's investment in the common shares of the investee corporation,

"B" is the number of paid-up common shares of the investee corporation owned by the insurer,

"C" is the number of paid-up common shares of the investee corporation,

"D" is the value of the assets of the investee corporation calculated in accordance with this section, and

"E" is the aggregate amount for the investee corporation, calculated in accordance with section 8.

(7) If the insurer has insufficient information to calculate either "D" or "E" in subsection (6), the value for "D" and "E" is zero. O. Reg. 740/88, s. 5.

6. The value of the assets of a foreign branch insurer is the amount determined by the formula,

A - B

in which,

"A" is the sum of,

- (a) the book value of all deposits under the *Foreign Insurance Companies Act* (Canada) by the insurer with the federal Minister responsible under that Act,
- (b) the book value of all assets vested in trust for the insurer under the *Foreign Insurance Companies Act* (Canada),
- (c) the amount the insurer sets out in Column 4 of item 8 in Table 1 to Schedule 1, and
- (d) any amounts owing on the calculation date to the insurer by agents or brokers that the insurer invoiced to the agents or brokers less than sixty-five days before the calculation date, and

"B" is the insurer's investment valuation reserve in respect of the assets included in calculating "A". O. Reg. 740/88, s. 6.

BOOK VALUE AND MARKET VALUE

7.—(1) The market value of an asset is the most probable price that a buyer would pay to a seller, both acting prudently, knowledgeably and willingly, in an arm's length transaction in an open market under conditions requisite to a fair sale.

(2) If the interest payable to an insurer in respect of an asset that is a debt security is more than six months in arrears, the book value of the asset shall be deemed to be its market value. O. Reg. 740/88, s. 7.

AGGREGATE AMOUNT

8.—(1) In this section, "alternate margin factor", in relation to a class of insurance, means the alternate margin factor determined under section 10.

(2) The aggregate amount for an insurer is the sum of,

- (a) the amount of the reserve in respect of non-cancellable accident and sickness contracts;
- (b) the amount of the reserve for claims in respect of accident and sickness contracts that are payable in installments;

(c) the total amount of the insurer's liabilities, as determined under section 9, less the amount of any liabilities that are included in clauses (a) and (b);

(d) the amount of the reserve for claims in respect of accident and sickness contracts other than contracts that are described in clause (a) or (b), multiplied by 0.15;

(e) the amount of the reserve for unearned premiums in respect of accident and sickness contracts, other than non-cancellable contracts, multiplied by 0.15 or by the alternate margin factor, if any; and

(f) an amount in respect of contracts, other than accident and sickness contracts, that is the greatest of;

(i) the sum of,

(A) the amount of the reserve for unearned premiums in respect of the contracts, multiplied by 0.15 or by the alternate margin factor, if any, and

(B) the amount of the reserve for claims in respect of the contracts multiplied by 0.15,

(ii) the sum of,

(A) the amount of the gross premiums written by the insurer in respect of the contracts written in the twelve months preceding the calculation date, multiplied by 0.15, and

(B) the lesser of,

1. \$500,000, and

2. the amount of the gross premiums written as described in sub-subclause (A), multiplied by 0.05, and

(iii) the amount that is 0.22 times,

(A) for an insurer that has been in business for thirty-six months or longer, the average annual amount of claims incurred by the insurer during the thirty-six months preceding the calculation date in respect of the contracts, or

(B) for an insurer to whom sub-subclause (A) does not apply, the product that is obtained by

multiplying the average monthly amount of claims incurred by the insurer during the period that the insurer has been in business by twelve in respect of the contracts,

plus the lesser of,

(C) \$500,000, and

(D) the amount calculated under sub-subclause (A) or (B), as the case may be, multiplied by 0.07. O. Reg. 740/88, s. 8.

VALUE OF LIABILITIES

9.—(1) The value of the liabilities of an insurer is the sum of,

(a) the value of the liabilities determined in accordance with this Regulation;

(b) the lesser of,

(i) 50 per cent of the accumulated profit realized from the insurer's hail insurance business, during the time the insurer has transacted the business of hail insurance, or

(ii) 50 per cent of the insurer's net premiums written for hail insurance written during the twelve months preceding the date that is one year before the calculation date;

(c) the absolute value of the reserve in respect of non-cancellable accident and sickness contracts, where the amount of the reserve is less than zero; and

(d) the amount, if any, that is determined under subsection (2).

(2) If an insurer has reinsured any risk under contracts of insurance written by it with a reinsurer that is not licensed under the Act, the *Canadian and British Insurance Companies Act* (Canada) or the *Foreign Insurance Companies Act* (Canada), the amount used in the calculation under subsection (1) is the sum of the amounts that are greater than zero, calculated separately for each such reinsurer, using the formula,

$$(A + B + C + D + E) - (F + G)$$

in which,

"A" is the total of the insurer's reserves for unearned premiums in respect of the risks reinsured with the reinsurer, other than non-cancellable accident and sickness risk,

"B" is the total of the insurer's liabilities in respect of

the risks reinsured with the reinsurer under non-cancellable accident and sickness contracts,

"C" is the insurer's additional policy reserves in respect of the risks reinsured with the reinsurer, which equals the sum of,

(a) 0.105 times the reinsurer's original premium for every surety contract,

(b) 0.3 times the reinsurer's original premium for every fidelity contract, and

(c) the reinsurer's reinsurance premium less the reinsurer's commission for every current nuclear contract,

"D" is the amount of the reserve for claims that the insurer is entitled to recover, but has not recovered, from the reinsurer,

"E" is the amount payable to the insurer by the reinsurer,

"F" is the amount payable to the reinsurer by the insurer, and

"G" is, subject to subsection (3), the value of all security including cash given to the insurer by the reinsurer.

(3) For the purpose of calculating "G" in subsection (2), if a reinsurer has given one or more letters of credit to an insurer as security for contracts insuring risks in Canada, the amount by which the total value of the letters of credit exceeds 0.15 times the sum of "A" and "D" as calculated under that subsection shall not be included as part of the value of all security. O. Reg. 740/88, s. 9.

ALTERNATE MARGIN FACTOR

10.—(1) In this section,

"claims ratio", in relation to contracts issued by an insurer in a class of insurance, means the ratio of the claims incurred under the contracts during a given period to the premiums earned under the contracts during that period;

"expected claims ratio" means a claims ratio that the insurer reasonably expects for the period of the unexpired terms of the contracts to which it applies.

(2) If an insurer's expected claims ratio for a class of insurance is less than 0.95, the insurer may select a claims ratio for the class that is greater than or equal to the greater of,

(a) the expected claims ratio; and

(b) the actual claims ratio for the twelve months immediately preceding the calculation date.

(3) The alternate margin factor for a class of insurance is calculated by adding 0.20 to the claims ratio selected by the insurer under subsection (2), and subtracting 1.00 from the total.

(4) For the purposes of clause 8 (2) (e) and subclause 8 (2) (f) (i) (A), if the applicable alternate margin factor is less than zero, it shall be deemed to be zero. O. Reg. 740/88, s. 10.

REINSURANCE

11.—(1) In this section, “reinsurer”, in relation to an insurer, means a second insurer that insures all or part of the liabilities of the insurer under contracts issued by the insurer for risks insured in Canada.

(2) In this section, an insurer's reinsurance ratio is described by the fraction,

$$\frac{\text{reinsured claims}}{\text{total claims}}$$

in which,

“reinsured claims” means the total amount of claims, excluding claims under accident and sickness contracts, that were incurred during the twelve months preceding the calculation date and that the insurer has recovered or is entitled to recover from reinsurers;

“total claims” means the total amount of claims, excluding claims under accident and sickness contracts, incurred by the insurer during the same period.

(3) For the purpose of calculating the aggregate amount under section 8, if an insurer has reinsured any risk under contracts of insurance issued by it,

- (a) subject to subsection (4), the amounts determined under clauses 8 (2) (a) to (e) and subclause 8 (2) (f) (i) may be reduced by the amount attributable to the risk transferred to reinsurers in each instance; and
- (b) the amounts determined under subclauses 8 (2) (f) (ii) and (iii) may be reduced,
 - (i) for an insurer whose licence under the Act restricts it to undertaking reinsurance, by an amount that does not exceed the amount determined under the subclause multiplied by the reinsurance ratio, and
 - (ii) if subclause (i) does not apply, by an amount that does not exceed the amount determined under the subclause multiplied by the lesser of 0.5 or the reinsurance ratio.

(4) For the purposes of clause (3) (a), the amount attributable to the risk transferred by the insurer to

reinsurers that are not licensed under the Act, the *Canadian and British Insurance Companies Act* (Canada) or the *Foreign Insurance Companies Act* (Canada) shall be deemed to be the amount of the security respecting the transferred risk, if any, that has been given to the insurer by the reinsurers and is kept in Canada. O. Reg. 740/88, s. 11.

TRANSITIONAL

12. Subsection 9 (3) does not apply with respect to a letter of credit that is given as security for a contract entered into before the 1st day of January, 1989. O. Reg. 740/88, s. 12.

13. This Regulation comes into force on the 1st day of January, 1989.

2.—(1) For the purposes of calculating an insurer's investment valuation reserve, an insurer must complete Tables 1 and 2 to this Schedule.

(2) An insurer's investment valuation reserve is the amount set out as item 11 in Column 2 of Table 2 to this Schedule.
